

RTUC Rider Testing

Test for Parade Formation Riders

- Pass Level 1
- Rock 10 times
- Make sharp 90° turns both left and right, 2 times in a row
- Stall for at least 4 seconds
- Know all the Parade Signals
- Ride both fast and slow
- Successfully ride with the Formation during parade practice

Test for Giraffe Riders

Note: prior to being tested the following requirements must be met. Ride a standard unicycle in formation for 3 parades over at least 3 weekends.

- Demonstrate knowledge of all Parade Signals while riding
- Rock 25 times
- Right and left turns 180 degrees within a 24" diameter.
- Weave through 8 cones set at various intervals
- Stand still for 3 to 5 seconds
- Stall for 2 minutes in bridge formation
- Demonstrate controlled forward dismount (unicycle behind)
- Demonstrate controlled backward dismount (unicycle in front)
- Successfully ride a giraffe with the Formation during a 15 minute parade practice

After the above skills are passed the new giraffe rider must complete their first three parades on a giraffe. If they are unable to complete any of these three parades on the giraffe due to lack of stamina, the rider is to return to a standard unicycle for parades. The test will be given again when the rider has increased their endurance on the giraffe. Test will also be repeated with each increase in giraffe height.
